Authorized Use Policy:

In 2008, the IPO Education Foundation produced a short video for PBS entitled "Spotlight On: The U.S. Patent System" to educate the public about the importance of the U.S. Patent System. The Foundation grants permission on a case by case basis to others to use the video for educational purposes only. Permission is not granted for reproduction for sale or re-broadcast via the television medium.

By signing and returning this form, the requester agrees to use the video for educational purposes only in non-broadcast media and to credit Intellectual Property Owners Education Foundation.
